Laura's light redraw, recipe v2: no black outlines

Card 3066 (her update to card 3052). Every outline is now a deep shade of the colour it outlines; parts that ARE black (wasp stripes, legs, a black hat) stay black. Left: v1 as card 3052 built it. Right: v2. Drawn by the game itself.

Laura's light redraw, v2: every outline a deep shade of its own colour (the most-changed drawings)
